UNTITLED STRATEGIC LEGAL CONSULTING AND PARKER PINEDA & ASSOCIATES JOINS FORCES IN THE CARIBBEAN

May 21, 2019

Legal/Industry News – UNTITLED, formerly known as Litwak & Partners, and PARKER PINEDA & ASSOCIATES, a newly established Cayman Islands law firm, have decided to join forces to create a new offshore group providing legal and fiduciary services both in the British Virgin Islands and the Cayman Islands.

The group will have presence in the British Virgin Islands, the Cayman Islands, the United States and Uruguay.

One of the key benefits of this association is that the both firms will now be able to offer clients advice on all aspects of BVI and Cayman Islands law plus associated fiduciary services. From now on, **PARKER PINEDA & ASSOCIATES** will operate as the representative office for **UNTITLED** in the Cayman Islands and **UNTITLED** will serve as the representative office for **PARKER PINEDA & ASSOCIATES** in the British Virgin Islands.

*“Whist this association was of course born with the formal execution of the corresponding agreement a few weeks ago, since the moment we commenced discussions in relation to establishing it, we have very much been working as one company, integrating services and procedures and briefing our clients on our expanded capability. We are extremely happy with having the possibility to also offer our clientele with services under Cayman law, as this is something that they have been always interested for us to do. At the same time, we are also very happy that – since this is not a merger but rather an association – **UNTITLED** remains as a pure BVI law firm, and those additional services we can now offer will be performed by Cayman lawyers from the Cayman Islands.”* said Martin Litwak, CEO of **UNTITLED**.

Paul Parker, one of the founding partners of **PARKER PINEDA & ASSOCIATES**, added: *“We are delighted by how well the association has gone, feedback from our clients has been very positive as they see the opportunities arising from working with a truly multi jurisdictional group. We are now looking forward to increasing our LatAm work as well as to expanding into other regions, such as Middle East and Asia.”*

STRATEGIC LEGAL CONSULTING

Untitled has also launched the first “Legal Family Office” in the Americas, which was established to respond to its clients’ need for global advice on issues related to their international estate planning, following the recent profound macro changes affecting the wealth structuring industry. These changes include – but are not limited to – automatic information exchange (FATCA/CRS), tax amnesties and tax reforms. Through its legal family office, Untitled provide its most sophisticated clientele (ultra-high net worth and institutional families) with a bespoke, holistic review of their existing fiduciary structure(s) based on the same principles upon which traditional single or multi-family offices have been built: independence, absence of conflicts of interest, providers coordination, fixed fees and transparency, among others.
